Holemaking Solutions for Today's Manufacturing

When it comes to

THREAD MILLING

Allied has the *gamut*

ThreadMills USA™

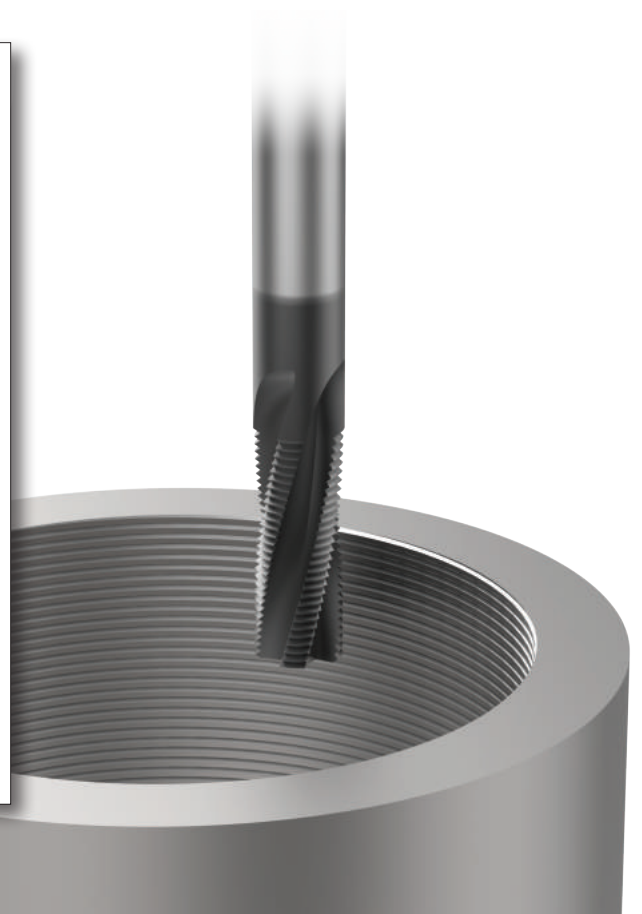

AccuThread™ 856

AccuThread™ T3

CONSISTENT & RELIABLE HIGH PERFORMANCE THREAD MILLING SOLUTIONS

Allied Machine's thread milling product line has developed into a comprehensive range of high precision tooling that offers outstanding productivity with exceptional levels of tool life and thread accuracy. The thread mill range covers both solid carbide and indexable replaceable insert tools with an extensive range of thread forms.

Our thread milling product line has been specifically designed to provide customers with a wide range of options. This is achieved by offering two thread mill ranges within our product lineup: the low cost, general production **ThreadMills USA™** range, and the high performance, high productivity **AccuThread™** range.

Solutions for all your thread milling applications

SOLID CARBIDE

High Production Performance
AccuThread™ 856 Solid Carbide

Economic Solutions
ThreadMills USA™ Solid Carbide

Hard Materials or Deep Threads
AccuThread™ T3 Solid Carbide

Through Tool Coolant
ThreadMills USA™ Extended Length

Heavy Duty
AccuThread™ 856 Solid Carbide

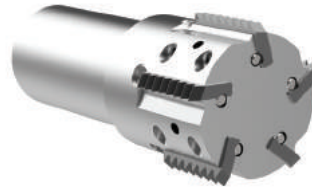

Port-Specific
AccuThread™ 856 Extended Length

INDEXABLE

Bolt-in Style
AccuThread™ 856 Indexable

Weldon Pin Style
AccuThread™ 856 Indexable

Shell Mill Pin Style
AccuThread™ 856 Indexable

Insta-Code™

Find your thread mill. Create your program.

The all new software lets you choose the best thread mill product for your application and create the program code for your machine. Insta-Code is available as a PC download app (that can be used offline) and an online web app available 24/7.

Eliminate the wait. Get your program now.
